Update #1 - short and sweet

February 4, 2014

28 Students, TK and Stephanie Lareau among other faculty are currently gathered in East TN at Camp Wesley Woods embarking on the beginning of a month long intensive in learning about Wilderness Medicine. Currently the internet connection at camp is poor, so please stand by for more updates later this week.

The above photo is from the 2013 Elective; Primitive Backpacking group led by Dr. Pete Sananman.
